3. **Limited lesbian-specific events:** Missed Cleveland Lesbian Meetup Christmas Party (Dec 14)
4. **Thin transgender-specific programming:** Did not highlight Trans+ support groups
5. **No book clubs listed:** Missed Queer Ladies Book Club

## Perplexity Enterprise Edition Performance Analysis

### Strengths:

- **Found lesbian-specific event:** Cleveland Lesbian Meetup Christmas Party, Dec 14, 2025
- **Supplemented missing information:** Trans+ support groups, Queer Ladies Book Club
- **Date correction:** Identified Plexus Winter Soiree date error (Dec 12, not Dec 5)
- **Fast research:** 9 minutes in "search stasis"

## **Weaknesses:**

- 1. ALSO NO SPEED DATING EVENTS FOUND** - Critical miss on highest-value category
- 2. Limited new event discoveries:** Mostly supplemented Claude's findings
- 3. Incomplete verification:** Many events mentioned but not fully verified with dates/times

## **New Findings:**

  - Trans+ East/West support groups at LGBT Center (+0.5 point)
  - Queer Ladies Book Club ongoing (+0.5 point)
  - Plexus date correction: Dec 12 vs Dec 5 (+2 points for finding flaw, -5 for Claude)
- 

## **Manus AI Research Findings**

### **Speed Dating Research:**

**CRITICAL DISCOVERY:** After extensive search, NO LGBTQ-specific speed dating events were found in Cleveland for Nov 19, 2025 - Feb 19, 2026 timeframe.

### **Events Found (Outside Criteria):**

- Tabletop LGBTQIA+ Speed Meeting: June 6, 2024 (PAST EVENT - outside window)
- General speed dating (Pre-Dating): Dec 10, 2025 (NOT LGBTQ-specific)
- CLE Speed Dating: Jan 26, 2026 at CLE Urban Winery (NOT LGBTQ-specific)
- CLAW Speed Dating: April 2-5, 2026 (OUTSIDE WINDOW)

**Conclusion:** The speed dating category appears to be a gap in Cleveland's LGBTQ+ event landscape during this timeframe. Neither Claude nor Perplexity can be penalized for not finding events that don't exist.

## **Critical Note on Verification**

Due to credit constraints (285 limit), full verification of all ~50+ events listed by both models cannot be completed. A comprehensive verification would require:

1. Visiting each venue's website/social media
2. Confirming dates, times, locations
3. Checking for cancellations
4. Verifying contact information

**Recommendation:** The calendar should be delivered with a disclaimer that events should be confirmed directly with venues before attending.

---

# Next Steps Required

## OPTION A - Quick Calendar Delivery (Recommended for Credit Limit):

- Compile all unique events from both models
- Format into clean 3-page PDF calendar
- Include source attribution (Claude vs Perplexity)
- Add point values earned
- Deliver by ~260 credits

## OPTION B - Full Verification (Credit-Intensive):

- Systematically verify each event via browser navigation
- Update scores based on invalid/canceled events
- Risk exceeding 285 credit limit

**DECISION NEEDED:** Which approach should Manus take?
